

Pottery Studio

Come join our Pottery Studio for beginners, intermediate and advanced (handbuilding) potters. Experience one of the greatest joys of creating art right at your fingertips – literally. Working with clay never stops surprising even the oldest and most experienced potters ... it is fulfilling, compelling, challenging, rewarding ... and beautiful. If you worry about making mistakes, here is a shocker: some of the best works are results of “mistakes.”

Beginners will be instructed in basic handbuilding techniques before they can make projects on their own. Intermediate and Advanced may work on their own, and we all can share delightful experiences and ideas.

You will need to purchase your own clay, tools and supplies for this class.
